MEMORANDUM

TO: Telecommunications Coordinators

FROM: Frank Cavallaro, Manager *F.C.*
Bureau of Communication and Computer Services

DATE: March 20, 2000

SUBJECT: Telecommunications Information Roundtable Web Site Redesign

The Division of Telecommunications intranet web site, <http://www.intra.state.il.us/telecom> has been redesigned and improved.

The redesigned site is easier to navigate and includes all of the information from the previous site. New features include: an FAQ section, tip of the week segment, "Contact Us" option and subscription capabilities that allow you to receive an e-mail notification anytime new information is posted on the site.

In order to access the site you must have a connection to our Enterprise Web through CMS Internet Services or through our LAN. Your agency LAN manager will be able to tell you if your agency has either connection.

The site has been designed to keep you up to date on latest information regarding our telecommunications products and services. I encourage you to visit the site on a regular basis.

Please call Beth Aper at 217-782-7081 or contact her via email at beth_aper@cms.state.il.us, if you have any questions or suggestions on how we can improve the site.
